EXPERIENCE

Associate Trainee

Tech Mahindra, Kolkata

August 2024 – February 2025

- Handled customer queries and resolved issues through voice and non-voice support channels.
- Assisted clients with account-related concerns and provided timely resolutions.
- Maintained high levels of customer satisfaction and communication quality.

Process Executive – AI/ML Data Annotation

Augtech NextWealth, Bhilai

January 2024 – July 2024

- Worked on AI/ML training data projects involving 2D and 3D annotation.
- Performed image, video, and object annotation using internal tools to improve machine learning model accuracy.
- Ensured high-quality labeled data for computer vision models in real-time applications.
- Collaborated with QA teams to meet annotation guidelines and project timelines.

Projects

Tic-Tac-Toe Game **https://github.com/vineetasingh023/TicTacToe**

- Created a simple two-player Tic-Tac-Toe game using core Java.
- Implemented game logic using if-else conditions and loops.
- Played through command prompt with clear user instructions and game board display.

Hospital Management System **https://github.com/vineetasingh023/project-hospital-sql**

- Designed and implemented a relational database for a hospital using MySQL.
- Created tables for patients, doctors, appointments, and billing.
- Applied SQL queries to perform CRUD operations (Insert, Update, Delete, Select).
